

Aluminum Led Light Heatsink Precision Cast Components Led Bulb Heat Sink

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Brand Name: HT
- Certification: CA ,CE
- Minimum Order Quantity: 1 ton
- Packaging Details: EP Paper ,kraft and pallet
- Delivery Time: 20days
- Payment Terms: T/T or L/C
- Supply Ability: 100 000 ton each month

Product Specification

- Die Casting Method: Precision Die Casting
- Machining: CNC Machining
- Certification: SGS
- Texture: According To Customer's Drawing Or Samples
- Application: LED Heat Sink
- Color: Silvery
- Highlight: Die Casting Parts, Aluminum Die Casting

Product Description

Aluminum Led Light Heatsink Precision Casting Led Bulb Heat Sink

Description:

1. Name: Investment Casting /Stainless Steel Precision Casting / auto parts casting/ valves / machinery parts/Steel Precision Casting/Steel Investment Casting/ Iron Investment Casting/Machining Auto Parts /Alloy Steel casting auto part

2. Material: Carbon steel and alloy steel

3. Machining part with sand casting

-process

Drawing & Samples → Mould making → Die casting → Deburring → (Secondary processing if necessary) → Polishing → Surface treatment
Quality inspection → Packing → Shipping

4. Machining part with wax casting

-process: Slica sol process and water glass

-material: Stainless steel, carbon steel, alloy steel, cooper and brass

-weight: 0.5kgs-30kgs

5. Machining equipment

CNC Machine, vertical machining centers, milling machine, lathe machine

6. Inspection equipment

Baird spectromenter, metallurgical microscope, chemical analysis, hardness tester, impact testing machine

Applications:

-Lighting products

-Electrical products

-Medical devices and products

-Commercial and Industrial Equipment

-Meters/recreational vehicles

-Small engines, Vehicle parts

Competitive Advantage:

1. Tight tolerance, Provide ODM/OEM service

2. Steady Quality and Small Quantity Accepted

3. Reliable Capacity

4. Standard: According to the dimension tolerance of machining of customers' requirement.

5. On Time Delivery

6. Competitive Price

7. Rich Experience on Casting Production

Machined parts production range:

We are a professional manufacturer of casting and machining. Most of our production is automobile parts, meter, instrument casing and other productions for civil and industry use according to concerned national standard. We have professional fixture and testing tools for many required production which can fit various machinofatures' capacity.

Workshop equipment of casting and machining:

7 machines for die casting weight , 4 machines for machining center, 12 machines for CNC and other more than 40 normal machines. We have 1 equipment for three coordinates measuring and any other infiltrationh, shot blasting, washing and presssure testing equipments.

Casting and machining inspection:

Inspection: In-house and third party

All the products are strictly inspected by operator and skilled QC with record put down.

Universal inspection tools: Hardness tester, Height ruler, Depth ruler, Outside ruler, Venire Caliper, etc.
