

Aluminum Terminal Box Enclosure Cnc Iso9001 Precision Casting Parts

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Certification: CA ,CE
- Minimum Order Quantity: 500pcs
- Packaging Details: Ep paper ,kraft ,pallet
- Delivery Time: 20days
- Payment Terms: T/T ,L/C
- Supply Ability: 100 000ton each month

Product Specification

- Product Name: Aluminum Terminal Box Enclosure
- Material: Aluminum
- Surface Treatment: Mill Finished, Anodized ,Electrophoretic Coated, Powder Spray Coated
- Deep Process: Milling, Drilling, Bending, Cutting
- Certification: ISO9001:2000
- Origin: China
- Highlight: **electrophoretic coated precision casting parts, cnc aluminium profile enclosure, iso9001 precision casting parts**

Product Description

Aluminum Terminal Box Enclosure / Precision Casting Parts

Terminal aluminum boxes are suitable for installation, circuit breaking, connection and control of electric and electronic equipments, and find their main application in industrial, automotive, railways, navy, tunnels, parkings, industrial building fields ensuring a high mechanical .

Our machining scope mainly as following:

CNC turning parts
CNC milling parts
CNC turning and milling parts

The surface finish we can supply as following:

Powder Painting , Sandblasting , Anodizing, Polishing, Electrophoresis etc.

We can process parts in conformity with drawings and assemble them as the requirement of customers.

Our company has been adhering to the work ethos of "quality first". We cordially welcome you to visit us, and we will be delighted to provide you with our best services. We look forward to cooperating with you.

Both small order and big order are welcomed.

Specifications:

Excellent material for smooth and subtle edges.
Elegant appearance.
Surface treatment: colorful anodized or electrostatic powder coated.
Suitable for constructions and other industrial purposes.
Customized surface finishes are welcome.

Competitive Advantage:

- 1)Engineering design and support.
- 2)Aluminum profiles deeply processing:cutting,punching,drilling,milling,and fabricating.
- 3)High Quality system, strictly inspection during production and whole inspection before package.
- 4)Good performance, product warranty for 15 years.
