

Customized Cnc Machinery 6063 Aluminum Heatsink Extrusion Profiles Anodized

Our Product Introduction

for more products please visit us on aluminumextrusion-profiles.com

Basic Information

- Place of Origin: China
- Brand Name: MetalPlus
- Certification: SGS
- Model Number: heatsink
- Minimum Order Quantity: 1 ton
- Packaging Details: Ep paper ,kraft ,pallet
- Delivery Time: 20 work days
- Payment Terms: T/T
- Supply Ability: 100 000ton each month

Product Specification

- Material: 6063,6005
- Color: Customized
- Surface: Anodized
- Dimension: Customized
- Highlight: 6063 aluminum heatsink extrusion profiles,
anodized aluminum heatsink extrusion profiles,
6063 aluminium heat sink extrusion

Product Description

Aluminum Heat Sink Customized CNC Machinery Extrusion Profile

Specification

Item	Aluminum Heat Sink
Grade and Temper	6063 6061 6060 T5 (T6)
Thickness	0.9mm and above
Cross-section	8--650mm
Surface Treatment	Powder Coating in RAL Color, Anodizing(AA10/15/20/25), Sandblasting, Brushing, Passivation, Silk screen, Mechanical/Chemical Polishing, Wood grain coated /Wooden transfer, Galvanise,(Nickel/Tin/Chrome/Copper) Plating, PVDF, Matt, etc. Mill finish,polished and brushed
Advantages	1.Good quality in material; 2. Excellent surface finish 3. Competitive price
Standard	GB/75237-2004,Q/320281/PDWD-2008
Certificate	1.ISO9001-2008/ISO 9001:2008; 2.CQM Certification; 3.SGS, CE, BV, JIS, AS, available
Guarantee	Surface color can be stable for 10~20 years indoor using.
Settlement Terms	Charge by final actual weight or by drawing theoretical weight

Aluminum Extrusion Heat Sink Features

1. Good rigidity and environmental resistance
2. UV-resistant, Acid-resistant and alkali-resistant
3. Light wight, easy to install
4. Self-clean and maintenance
5. Sound-insulation
6. 100% recyclable

Competitive Advantage

- 1) Engineering design and support.
- 2) Aluminium profiles deeply processing:cutting, punching, drilling, milling and fabricating.
- 3) High Quality system, strictly inspection during production and whole inspection before package.
- 4) Good performance, product warranty for 10 years.

About Us

MetalPlus invested in an express extrusion machine with a 3600 ton extrusion force in 2007, enabling our factory to produce a heat sink with a maximum diameter of 600mm.

Shapes can also be customized based on customer requirements and the project specifications.

We specialize in a variety of aluminum extrusions for construction and industry. Depending on the client's needs, we can make moulds, extrude, provide surface treatment, and fabricate.

MetalPlus Advantages

We do have more than 17 years manufacture experience on Aluminum Extrusion Area

We have a strong ability to design and Extrusion, CNC machining, Milling, Turning with a fast speed.

We have complete metal processing machines, in addition to stamping, there are laser cutting, CNC bending, welding, etc.

We attach great importance to the control of all steps of the manufacturing process, so we can maintain long-term stability and excellent quality.
