

Silver Custom Precision Casting Parts , Sand Die Casting Auto Parts

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HT
- Certification: CA ,CE
- Minimum Order Quantity: 1 ton
- Packaging Details: EP Paper ,kraft and pallet
- Delivery Time: 20days
- Payment Terms: T/T or L/C
- Supply Ability: 100 000 ton each month

Product Specification

- Die Casting Method: Precision Die Casting
- Machining: CNC Machining
- Certification: SGS
- Texture: According To Customer's Drawing Or Samples
- Application: Agricultural Machinery Parts
- Highlight: **Die Casting Parts, Aluminum Die Casting**

Product Description

Silver Custom Precision Casting Parts , Sand Die Casting Auto Parts

Description:

Our company owns powerful technical strength and international advanced investment casting equipment as well as machining capability for providing a series of high quality service to the clients, which is specialized on the production of investment castings made by high-quality carbon steel, stainless steel, alloy steel and other materials. The company has passed quality certification of ISO9901:2008 and TS16949:2009, possessing import and export right. The products are exported to the United States, Japan, Europe and other regions as well

CNC MACHINING PARTS	
Production Capability	
Material available	Copper, Brass, Bronze, Plastic, Carbon steel, Stainless steel, Aluminum alloy
Surface Treatment	Zinc plating, Nickel plating, chromate plating, anodize as per customer's requirement
Production Equipment	1) CNC Machining Center; 2) CNC Lathe; 3) CNC Milling Machine; 4) Precision Cutting Machine
Delivery Time	7-15 working days depends on order quantity
Preferred Industries	1) Medical Equipments 2) Photoelectricity Equipments 3) Auto Industry 4) Mechanical Equipments 5) Other customized Parts
Measuring Instrument and Equipments	1) Micrometer 2) Smooth plug gauge 3) Thread gauge 4) Image measuring instrument 5) Coordinate Measuring Machine 6) Roughness tester 7) Roughness inspection of tester
Producing Capacity	3000-5000 Pieces per set of machine per day.
Our Advantage	
a) Good quality (more than 5 years experiences)	
b) Excellent service (Years of export experience)	
c) Variety types for selection	
d) Produce as per drawing	

Applications:

Precision Casting Parts are widely used in Auto Parts Series , Machinery Parts Series , Hardware Parts Series , Medical Equipment Series .

Competitive Advantage:

1. Tight tolerance, Provide ODM/OEM service
2. Steady Quality and Small Quantity Accepted
3. Reliable Capacity
4. Standard: According to the dimension tolerance of machining of customers' requirement.
5. On Time Delivery
6. Competitive Price
7. Rich Experience on Casting Production

Machined parts production range:

We are a professional manufacturer of casting and machining. Most of our production is automobile parts, meter, instrument casing and other productions for civil and industry use according to concerned national standard. We have professional fixture and testing tools for many required production which can fit various machinofactures' capacity.

Workshop equipment of casting and machining:

Die casting machine: 7 machines for weight 900tons to 63tons and 4 machines for machining center, 12 machines for CNC and other more than 40 normal machines. We have 1 equipment for three coordinates measuring and any other infiltrationh, shot blasting, washing and pressure testing equipments.

Casting and machining inspection:

Inspection: In-house and third party

All the products are strictly inspected by operator and skilled QC with record put down.

Universal inspection tools: Hardness tester, Height ruler, Depth ruler, Outside ruler, Venire Caliper, etc.
